It was necessary to keep a night and day watch two weeks at Memorial Hospital on E. Adamjewski a fugitive from justice injured on the Derry Road. Serious illness of Chief H. J. Connell made it necessary for the Selectmen to grant him a month's leave of absence to recuperate. Acting Chiefs necessarily had to be appointed. A radio greatly improved the efficiency of the department as police records will show.

Due to the fact that labor was available through the Public Work Administration for the purpose of constructing water holes for the protection of those citizens residing outside the hydrant districts, Town Officials believed it good judgment to spend the amounts included in the above report in order that these citizens might receive more benefit from the Fire equipment for which they are obliged to pay taxes. The value of these reservoirs has been demonstrated since their installation.

The Chevrolet truck bought this year was for the purpose of being able to accept an offer from the State to place a Fire Pump in Hudson with several thousand feet of hose to be used whenever necessary in the Town. This increases the equipment of our department and therefore the efficiency. When called to neighboring towns or districts the State pays for the use of the truck at the rate of 15c per mile and the men attending are also paid by the State at the rate of 50c per hour.

Mrs. Jessie Hills has evinced her continuing interest in the library by the gift of twenty-five dollars to be expended by the librarian for various needed articles. Mrs. Hills has also, as has been her custom contributed subscriptions to a number of magazines.

Again we remind you that over twenty weekly and monthly magazines are to be found regularly in our files and we invite you to avail yourselves of them.

A large number of books have been added by purchase, of a character which we trust meets your approval.

## Report of School Board

To the Citizens of Hudson:

We have the honor to submit the fifty first Annual Report of the School Board.

We are still faced with increased cost of High School Tuition. This coming year we estimate there will be 182 tuition pupils at a cost of \$104.00 each which is three dollars less than this year. Our elementary school remain practically the same.

The nurses room which was build during the summer of 1934 is doing double duty being used by the nurse when needed and for special help at other times.

At the close of the Fiscal year June 30, 1935, there was due to the school district from the town Treasurer \$10,284.47 of which there was due the City of Nashua \$6,376.42 and there was also \$2,911.50 set aside to reduce the 1935-36 assessment.

Early in the fall Mr. J. A. Robinson realizing the limited Playground space at the Webster Building gave to the School District about 63,000 square feet of Land on the South side of School Street for additional playground space. Thru a W. P. A. grant this is being leveled off and improved at almost no cost to the district, and is helping out the unemployed.

We submit the budget for the years 1936-37.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

Hudson, New Hampshire

February 12, 1936

To the School Board and Citizens of the Town of Hudson:

Following is my sixth annual report as Superintendent of Schools.

Enrollment January 2, 1936:

Grades	1	2	3	4	5	6	7	8	Total
Webster Building	40	45	45	38	44	43	67	59	381
Portable Building	19			12					31
I. O. O. F. Building					20	14			34
Center School	11	9	10	10	18	10			68
Totals	70	54	55	60	82	67	67	59	514

There were six less pupils in the elementary schools in Hudson on January 2, 1936 than there were on a similar date in 1935. There was, however, an increase of 20 in the first grade over what we had a year ago. We have had a total of 163 pupils in Nashua High School so far this year. This represents 20 more than we had a year ago. From the figures available at the present time, it appears that we will have 182 in Nashua High School next year, which represents a further increase of 19 more than we have at the present time, and which will increase our high school tuition bill by \$2,000.00 making a total for next year's high school tuition of \$19,000.00

There were three changes in the teaching staff at the beginning of the school year: Miss Barbara Smith, a graduate of Plymouth Normal School with six years experience, being employed to fill the vacancy caused by the resignation of Miss Kathryn Farrell in the first grade; Miss Hazel Burnham, a graduate of Keene Normal School with a part of one year's experience, being employed to fill the vacancy caused by the resignation of Miss Nellie Hurbonovich, in the portable; and Mr. Harold E. Bridge, a graduate of Keene Normal School with three years experience, being employed to fill the vacancy caused by the resignation of Mr. Richard Erwin. Mrs. Kathryn McLane was employed on December 30 to fill out the remainder of the year in the vacancy in the second grade caused by the resignation of Mrs. Margaret Erwin.

In September, due to the fact that each of our elementary grades have more than 40 pupils, and further that there were between 40 and 50 of these boys and girls who needed more assistance in order to make satisfactory progress than it was possible for them to obtain in their regular room, Miss Alice Kiley, a grad-

uate of The Wheelock School and Boston University, School of Education, who had taken one year of work on methods and procedure of overcoming reading difficulties and had also had practice work in this field at Boston University, was employed for remedial work.

In starting this work we made a survey of 150 children who were apparently handicapped to a certain degree in reading. Then through the Binet-Simon and other tests, we selected 46 who appeared to be best able to profit by this work. This group has been revised from time to time as their progress has warranted. I feel that a great deal has been accomplished in this special reading work and that many of these boys and girls will be able to progress with their classes due to this additional work.

We are continuing this year with our intelligence, diagnostic, and subject achievement tests in order that we may better understand the ability, needs, and achievement of each individual, so that we may better adapt our teaching to their individual needs which in turn will enable each individual to best use his ability and advance with his scholastic work as rapidly as possible.

I wish to again congratulate the Hudson Parent Teacher Association for their active interest in our school and in the outside activities of our boys and girls,

I wish to thank every individual who has in any way assisted in our school work and to again solicit the cooperation of every individual in Hudson in order that our schools may continue to be the type of schools you desire.

Respectfully submitted,

FRED W. HALL, *Superintendent.*

## REPORT OF SCHOOL NURSE

Hudson, N. H.

February 10, 1936

To the School Board and Citizens of Hudson:

I tender my report as school nurse from February 1, 1935 to February 1, 1936.

Number of children examined	546		
Number of defective teeth	128	Corrections	183
Number of defective vision	22		10
Number of defective tonsils	11		5
Number of defective orthopedic	6		
Number of defective hearing	6		
Number of cardiac	5	Under	
Number of goiter	1	treatment	1

The school attendance has been broken considerably since November with mumps and german measles. There has been one case of scarlet fever.

This being the fourth consecutive year of the Thursday morning dental clinic, the children's teeth now show the benefit of it in having only seven permanent teeth extractions in the past year. The aim of this clinic is to do all constructive work, thus eliminating the loss of permanent teeth. The local teachers association has helped make possible many of the corrections that otherwise could not be made.

Under the auspices of the Parent Teacher Association, with the help of the Fortnightly Club, Legion, Legion Auxiliary, Teachers Association, and the parents, cod liver oil has been given to the children in grades one to six.

Great benefit was derived from the eye clinic by Miss Ida Ridgeway, Division of the Blind of Massachusetts State Board of Education.

The clothing donated by various people was distributed to worthy families, also mittens made and given by a kind citizen were helpful to a number of children.

The hot lunch served at the Webster School is well patronized and helpful to the children.

I wish to thank the teachers and parents for their fine co-operation given in helping to carry out the health program of the school.

Respectfully submitted,

HELEN J. HOUSE, R. N.

*School Nurse.*
